

THE APTAGEN AWARD!

HIGH SCHOOL SCIENCE FAIRS

Aptagen, LLC, is a local biotechnology company offering internship and apprenticeship programs for college and high school students interested in molecular biology.

The Aptagen Award is given to the best and most innovative science fair project using DNA, RNA, or biopolymers.

You could be the recipient of this year's Aptagen Award, which includes a cash prize!

For more information, visit **Aptagen's Apprenticeship Program** page.
